

# Enterprise Training

GreyCampus

**United States:** GreyCampus Inc., 7924 Preston Rd Ste 350, Plano TX 75024

**India:** GreyCampus Edutech Private Limited, MC Design House, 27, Rohini Layout, Hitech City, Madhapur, Hyderabad - 500081

## Global Learning Services organization, wide range of capabilities:

- Training delivery services
- L&D consulting services
- Design, deployment, and implementation services

## Global delivery capability, with a technology backbone in India:

- Deep understanding of Global L&D mechanisms, practices & standards
- Inherent cost advantages
- Multiple offerings across Enterprise and Retail, with learnings from the latter piped in to the former

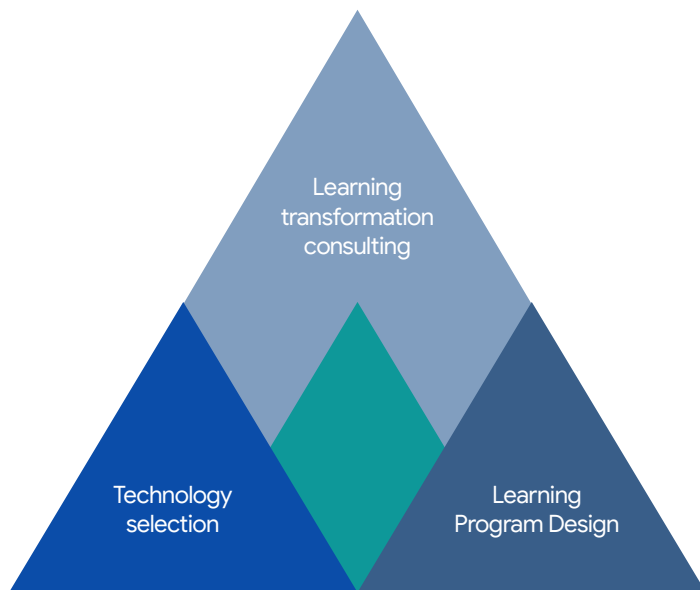

## Where we come in

Guidance (How-to!) on evolving existing learning tech., practices, and methodologies to better achieve organisational objectives.

Selection, customization and deployment of solutions identified for L&D objectives.

Operation, monitoring and improvement of deployed solutions to achieve L&D as well as overall business objectives.

### Learning Transformation Consulting

- Analysis and assessments to gauge challenges and business objectives, and development of a learning strategy tailored for you
- When, how, what, and how much to go digital

### Technology Selection

- Which tech. to go after, and how to make them work with each other and with existing systems

### Learning Program Design & Development

- Transformation for/ creation of Outcome-aligned learning programs

- (A) Learning platform customization & deployment

  - Configuration, customization, and full-systems integration of 3rd party solutions like Cornerstone OnDemand, SumTotal, Workday and others
  
- (B) Homebrew platform (Greycampus) deployment

  - Including integration with existing and 3rd party solutions
  
- (C) Content curation, sourcing and development

  - Curation, sourcing across existing and 3rd party content, development of bespoke content as needed.

## Off-the shelf training programs

- Based on globally accredited and continuously updated in-house courses on key areas like Project Management, Six Sigma, IT Service Management, Agile and others.

## Bespoke training delivery

- Custom training programs specifically geared towards niche, requirement-specific training outcomes.

## Multi-format (blended) training services

- Customizable training structuring across online self-learning, online training, and in-person training modes to achieve maximum impact.
